CLAY PIGEONS

I'm goin' down to the Greyhound Station,
gonna buy a ticket to ride
Gonna find that lady with two or three kids
and sit down by her side
Ride 'til the sun comes up and down around me 'bout
two or three times
Smokin' cigarettes in the last seat
Sing my song for the people I meet
And get along with it all
where the people say "y'all"
Sing a song with a friend
Change the shape that I'm in,
                         C-2 G-2 D-2
And start playin' again
I'd like to stay but I might have to go
to start over again
Might go back down to Texas,
might go to somewhere that I've never been
And get up in the mornin' and go out at night
```
