INTRO |C-4|F-4|C-4|Am-2 F-2|G-4|C-4|

[Verse 1]

C-8
All good things gotta come to an end
F-4 C-4
The thrills have to fade 'fore they come round again
F-4 Am-2
The bills will be paid, and the pleasure will mend
F-2 G-2 C-4
All good things gotta come to an end

[Verse 2]

C-8
God I wish I was home, laying round with my friends
F-4 C-4
The call of the wild, caution thrown to the wind
F-4 Am-2
The fall of the child, where the longing begins
F-2 G-2 C-4
All good things gotta come to an end

[Chorus]

F-4
Like a river flows
C-4
Rolling till it ends in the sea
F-4
Our pleasure grows
Gsus4-2 G-2
Rolling till it ends in you and me

[Verse 3]

C-8
Now as the dawn gathers into the sky
F-4 C-4
And legions of might go thundering by
F-4 Am-2
And regions of light grow dim and then die
F-2 G-2 C-4
And we with our wings wait for morning to fly
