I was born on this mountain a long time ago  
G-2                                    Am-2            C-2  
Before they knocked down the timber and strip-mined the  
D-4  
coal

G-4                                    G-1    G/F#-1    Em-4  
When you rose in the mornin' before it was light  
          G-2                                    Am-2                                    C-2                                    G-4    G-4  
To go down in that dark hole and come back up at night

---

          G-4                                    G-1    G/F#-1    Em-4  
I was born on this mountain, this mountain's my home  
G-2                                    Am-2            C-2                                    D-4  
She holds me and keeps me from worry and woe  
          G-4                                    G-1    G/F#-1    Em-4  
Well, they took everything that she gave, now they're gone  
          G-2                                    Am-2                                    C-2                                    G-4    G-4  
But I'll die on this mountain, this mountain's my home

          G-4                                    G-1    G/F#-1    Em-4  
I was young on this mountain but now I am old  
G-2                                    Am-2            C-2                                    D-4  
And I knew every holler, every cool swimmin' hole  
G-4                                    G-1    G/F#-1    Em-4  
Till one night I lay down and woke up to find  
          G-2                                    Am-2                                    C-2                                    G-4    G-4  
That my childhood was over and I went down in the mine

---

G-4 G-1 G/F#-1 Em-4  
There's a hole in this mountain and it's dark and it's deep  
G-2 Am-2 C-2 D-4  
And God only knows all the secrets it keeps  
G-4 G-1 G/F#-1 Em-4  
There's a chill in the air only miners can feel  
G-2 Am-2 C-2 G-4 G-4  
There're ghosts in the tunnels that the company sealed

G-4 G-1 G/F#-1 Em-4  
I was born on this mountain, this mountain's my home  
G-2 Am-2 C-2 D-4  
She holds me and keeps me from worry and woe  
G-4 G-1 G/F#-1  
Well, they took everything that she gave, now they're  
Em-4  
gone  
G-2 Am-2 C-2 G  
But I'll die on this mountain, this mountain's my home
