I TOOK A PILL IN IBIZA – CAPO 6 – ALL CHORDS 4 BEATS
INTRO – E B A E – REPEAT
[Verse]
```
                      E                    B
I took a pill in Ibiza  To show Avicii I was cool
          Aadd9
And when I finally got sober, felt 10 years older
     E
But fuck it, it was something to do
                        E
I'm living out in LA
          B
I drive a sports car just to prove
       Aadd9
I'm a real big baller cause I made a million dollar
       E
And I spend it on girls and shoes
```

[Pre-Chorus]
```
                        C#m7
But you don't wanna be high like me
                        B
Never really knowing why like me
                      Aadd9
You don't ever wanna step off that roller coaster and be
       E
all alone
                        C#m7
You don't wanna ride the bus like this
                      B
Never knowing who to trust like this
                    Aadd9
You don't wanna be stuck up on that stage singing
Aadd9
Stuck up on that stage singing
```

[Chorus]
```
E       B           Aadd9      E
All I know are sad songs, sad songs
        E     B           Aadd9      E
Darling, all I know are sad songs, sad songs
```

```
            E                    B
I'm just a singer    who already blew his shot
        Aadd9
I get along with old timers
                                        E
Cause my name's a reminder of a pop song people forgot
                        E
And I can't keep a girl, no
            B
Cause as soon as the sun comes up
    Aadd9
I cut em all loose and work's my excuse
            E
But the truth is I can't open up
```

[Pre-Chorus]

```
                        C#m7
But you don't wanna be high like me
                        B
Never really knowing why like me
                        Aadd9
You don't ever wanna step off that roller coaster and be
        E
all alone
                        C#m7
You don't wanna ride the bus like this
                        B
Never knowing who to trust like this
                    Aadd9
You don't wanna be stuck up on that stage singing
Aadd9
Stuck up on that stage singing
```

[Chorus]

```
E       B           Aadd9       E
All I know are sad songs, sad songs
        E       B           Aadd9       E
Darling, all I know are sad songs, sad songs
```

[INTERLUDE]

```
E B Aadd9 Aadd9
```

```
                             E
I took a plane to my hometown
               B
I brought my pride and my guitar
       Aadd9
All my friends are all gone but there's manicured lawns
          E
And the people still think I'm a star
                    E
I walked around downtown
           B
I met some fans on Lafayette
         Aadd9
They said tell us how to make it cause we're getting real
impatient
      E
So I looked em in the eye and said
```

[Pre-Chorus]

```
                        C#m7
But you don't wanna be high like me
                        B
Never really knowing why like me
                     Aadd9
You don't ever wanna step off that roller coaster and be
       E
all alone
                       C#m7
You don't wanna ride the bus like this
                       B
Never knowing who to trust like this
                    Aadd9
You don't wanna be stuck up on that stage singing
Aadd9
Stuck up on that stage singing
```
[Chorus]
```
[E]        [B]          [Aadd9]      [E]
All that I know are sad songs, sad songs
         [E]        [B]          [Aadd9]     [E]
Darling, all that I know are sad songs, sad songs
```
