

I'M SO LONESOME I COULD CRY - 6/8 TIME - 2 PAGES

E-6 E-6
Hear the lonesome whippoorwill
 E-6 E7-6
He sounds too blue to fly
 A-6 E-6
The midnight train is whining low
 E-3 B7-3 E-6
I'm so lonesome I could cry

E-6 E-6
I've never seen a night so long
 E-6 E7-6
When time goes crawling by
 A-6 E-6
The moon just went behind a cloud
 E-3 B7-3 E-6
To hide its face and cry

E-6 E-6
Did you ever see a robin weep
 E-6 E7-6
When leaves begin to die
 A-6 E-6
That means he lost his will to live
 E-3 B7-3 E-6
I'm so lonesome I could cry

 E-6 E-6
The silence of a falling star
 E-6 E7-6
Lights up the purple sky
 A-6 E-6
And as I wonder where you are
 E-3 B7-3 E-3 [E]
I'm so lonesome I could cry
