

## Just Don't

**INTRO** A-4 G-4 D-4 A-4

Don't say goodbye and start to cry  
Or explain why Just don't  
Don't pack your things and leave your ring  
Or take blame Just don't

If you think you can love me forever  
That's OK just take it one day at a time  
It's too soon to give up on the weather  
It's raining today, but tomorrow it will shine

Don't say goodbye and start to cry  
Or explain why Just don't  
Don't jump the gun and turn and run  
This love ain't done Just don't

You can say this wasn't meant to last forever  
But don't say I'm better off if you go  
I can stand a sudden change in the weather  
But it only makes it worse when you try to ease the blow
