OOH LA LA - WELL PENNIES - ALL CHORDS 2 BEATS EXCEPT WHERE
NOTED - CAPO 1 TO PLAY WITH RECORDING
[Intro] | G-4 |
[Verse 1]
Em
     G
Hey, put the world away
                                            G
               Em
Fight a little longer until you feel okay
       Em
'Cause there's nothing I can do
     G
                       Em
When everything's the matter
                                   G
And there's no one left like you
[Pre-Chorus]
                C STRUM 2 BEATS THEN HOLD 2 BEATS
Am7-4
                   C-4
Wait, wait for the sunlight
[Chorus]
Em
Love or leave, what life would I lose
       Em
Ooh la la, ooh la la la la Don't you wanna feel it too
Em
Heal your heart with rhythm and blues
Ooh la la, ooh la la la la Don't you wanna feel it too
Ooh la la, ooh la la la la Don't you wanna feel it too
[Interlude]
| <u>G-4</u> |
[Verse 2]
Em
     G
Hey, why do you delay
       G
                                                     G
                  Em
You're fickle as emotion, I know it feels that way
    Em
But hope's a honey in the air
 G
                                               G
          Em
A melody around you when no one else is there
```
