

## Suddenly There's You CAPO 3

### INTRO G

#### (VERSE)

G-4            C-2 D-2                    G-4            G-4  
I'd given up, my searching days are through  
C-4                    F-2            C-2                    G-4    G-4  
Thinking I won't ever win, but at least I'll never lose  
G-4            C-2                    D-2            G-4            G-4  
I'll be alright, miracles don't happen anymore  
C-4                    F-2            C-2                    G-4    G-4  
About that time my miracle, came walking through the door

#### (PRE-CHORUS)

Am-4                    Em-4            Am-2            C-2                    D-2 D-STOP  
Shining like gold, as if on cue    Into my life out of the blue

#### (CHORUS)

N.C                    G-4                    C-2                    D-2  
Suddenly there's you    That's the smile, That's the face  
                  Em-4                    C-2                    D-2  
Missing pieces of the picture fall right into place  
                  B7-4  
I was wandering in the road  
Em-4    Am-4 C-2 [D-2]                    G-4    G-4  
Wondering where to go and what to do                    Suddenly there's you

#### (VERSE)

G-4                    C-2                    D-2                    G-4            G-4  
Through the dark, you light the fire so I can see  
C-4                    F-2                    C-2                    G-4    G-4  
A whole new way of living, hidden deep inside of me  
G-4                    C-2                    D-2                    G-4    G-4  
There was a song, dancing notes and harmony

A symphony just waiting, for someone to set it free
